ONE SOLUTION FOR ALL

Whether traveling by airplane, train, bus, or roadway, getting people to their destinations easily and efficiently is no small feat, and making the right impact on top of that is even more difficult. HARMAN's innovative and easy-to-manage audio, video, lighting and control solutions help ensure officials craft an engaging and reliable experience, while also communicating important details to travelers.

COMMON HARMAN APPLICATIONS IN TRANSPORTATION SPACES

Loudspeakers

Digital Signage and Information Delivery

Video Signal Distribution

Audio Processing and Distribution

Architectural Lighting

AV Management

SIMPLIFY AND STREAMLINE PASSENGER COMMUNICATION

From digital information displays and wayfinding to public address and data management systems to experiential solutions for public spaces, restaurants, and retail stores, HARMAN offers complete audiovisual solutions to create an impact and get your passengers to and from their destinations on time. When combined with HARMAN's system management software, transportation officials have a quality solution they can trust.

CONCOURSE / TUNNEL

Clear Communication Every Time

Communicating with travelers in echoic spaces like concourses and roadway tunnels is a challenge. HARMAN's patented beam shaping technologies and information delivery systems ensure travelers can clearly hear and see important announcements, while digital signage and architectural lighting solutions engage passengers as well.

EXTERIOR

The Ultimate Statement

A building's exterior makes a lasting statement, impacting guests before they even walk through the door. HARMAN architectural lighting and media façade solutions turn the outside of the building into a work of art, creating a signature experience for the passengers.

PUBLIC AREA

Connect with Travelers and Guests

The public areas of a transportation venue outside the ticketed areas contain a variety of spaces such as concessions, restrooms, and souvenir shops. With the right audio, video, and lighting solution from HARMAN, venues can create the perfect experience for travelers and non-ticketed guests alike.

RESTAURANT / BAR

A Cohesive Experience

The restaurants and bars in transportation venues like airports and train stations allow guests to enjoy some food or drink that distracts them from their wait. HARMAN solutions craft the perfect experience that engages travelers with background music, television, and more while working cohesively with the overall airport system.

RETAIL

Attract and Engage

The perfect retail store solution draws a customer in and encourages them to learn more. HARMAN architectural lighting, digital signage, and background audio technologies engage customers with innovation and style.

WORLDWIDE SOLUTION SUPPORT

HARMAN HAS SALES OFFICES AROUND
THE GLOBE READY TO HELP
